Down To Earth CSA – Farm Garden Organic CSA
Liability Release
2024 Season

I, _____, have read this entire document and by signing below I agree that I have been given reasonable notice of the potential hazards of working on and visiting a farm.

I understand that working on uneven terrain with exposure to unpredictable climatic conditions, wildlife, and other unforeseeable variables poses some inherent risk.

I understand that bees are kept on the farm property in order to pollinate crops and that it is my responsibility to bring with me any medical requirements (such as EpiPens) for myself or anyone else I bring with me to the farm if they are known to be allergic to bee stings or to have any other serious allergies.

I understand that farm tools and equipment may also pose an inherent danger if not used properly and for the intended purpose.

I understand that parking is only allowed in certain areas. Staff can show you where to park.

Understanding all the above, I hereby release Down to Earth CSA and all of its members from any and all liability pertaining to injuries that I or anyone accompanying me to the farm may suffer while at the farm. (5 Michalec Road, Stafford, CT 06076), and I understand that any and all work that I perform while on the site is completely voluntary. By signing this form I accept responsibility for informing anyone in my family/member group of these same risks, and that my signature is therefore binding for all members of my family/member group.

Signed,

Signature: _____ Date: _____

Please complete and sign two copies of the application. Send in one copy with your check, and keep the other for your records and information included about the CSA.
